*The governing body is responsible for maintenance of this scheme.*

## **Introduction: what a publication scheme is and why it has been developed**

One of the aims of the Freedom of Information Act 2000 (which is referred to as FOIA in the rest of this document) is that public authorities, including all maintained schools, should be clear and proactive about the information they will make public.

To do this we must produce a publication scheme, setting out:

- *The classes of information which we publish or intend to publish;*
- *The manner in which the information will be published; and*
- *Whether the information is available free of charge or on payment.*

The scheme covers information already published and information which is to be published in the future. All information in our publication scheme is either available for you on our website to download and print off or available in paper form.

Some information which we hold may not be made public, for example personal information.

This publication scheme conforms to the model scheme for schools approved by the Information Commissioner.

## **Aims and Objectives**

The school aims to:

to help every child develop in self esteem, independence and confidence through the creation of a school environment which is happy, safe and secure, and in which effort and achievement are recognised in equal measure

to make our school a place of mutual respect in which children will develop an understanding of others' opinions, beliefs and cultures

to provide a sound basis of language and number as well as the knowledge and skills within the wider curriculum needed for lifelong learning

to encourage a desire to learn through a wide variety of learning experiences and teaching methods that take into account the ways in which children learn and develop

to help children develop sound moral values, a healthy lifestyle and to become responsible citizens who can play a positive role in their community

to provide equal opportunities for all within the school regardless of race, religion, gender or ability

to work closely with parents and the wider community to support and advance their children's education

to enable every child to fulfil their potential and to develop a love of learning they will carry with them when they leave us.

and this publication scheme is a means of showing how we are pursuing these aims.

### **Categories of information published**

The publication scheme guides you to information which we currently publish (or have recently published) or which we will publish in the future. This is split into categories of information known as 'classes'. These are contained in section 6 of this scheme.

The classes of information that we undertake to make available are organised into four broad topic areas:

*School Prospectus* – information published in the school prospectus.

*Governors' Documents* – information published in the School profile

*Pupils & Curriculum* – information about policies that relate to pupils and the school curriculum.

*School Policies and other information related to the school* - information about policies that relate to the school in general.
